# What is the "gap"?

In the event of a vehicle theft or an accident that results in a total loss, most insurance companies only reimburse the owner for the market value of the car. This, along with the deductible, can create a significant gap between what your insurer will pay you and the balance on your loan.

## Be confident with BMW GAP.

Because of common risks associated with theft, collision and natural disaster, the chances of your vehicle being involved in a total loss are greater than you think. With BMW GAP, you can be confident your deficiencies or deductibles will be paid off.

### Trust the evidence.

BMW GAP is administered by Safe-Guard Products, which currently provides protection products for more than 2 million vehicles in the United States. Customers agree that having BMW GAP eliminates financial strain and gives you peace of mind when you need it the most.
