- March 2007 to September 2008
- November 2008
- October 2005
- April 2008
- March 2009

Pairing Instructions:

1. Set vehicle in pairing mode. For details please see the vehicle user's manual.
2.
 - To turn Bluetooth on at handset: On the Home screen press Phone Button → Bluetooth → On
 - To search for Bluetooth devices: On the Home screen press Phone Button → Bluetooth → Setup Devices → Hands-free Setup → Next
 - Your phone will display a list of any Bluetooth device(s) that it discovers in range and available to be paired. Select the name of the Bluetooth enabled device (e.g. BMWxxxx) with which you are pairing and press Select. Please note that the Bluetooth enabled device name may first appear as "Handsfree".
3. Type in a passkey on the handset first (on some BMW models, the passkey that is required for this step is fixed. See the car manual for the passkey. On all other cars the passkey can be selected by the user).

4. The Confirm Passkey dialog appears on the display of the car:

Repeat the passkey that was used on the handset to authenticate the handset and press Confirm passkey.

5. On phone press Done to complete pairing procedure.
-

Limitations:

1. **Special characters**
Some cars may not display all special characters.
2. **Call Waiting is not completely supported**
